Brand New Book ***** Print on Demand *****.Excerpt from Oral Instruction in Primary Geography, for Teachers Use This work is intended for the use of primary teachers, whose pupils are too young to use a text-book in geography. It is objective in its teaching, and is suitable for teachers all over the United States. The answers to most of the questions are given, so as to save the teacher the trouble of consulting other geographies. The writer has taught oral geography considerably, and knows these methods will give good results. They follow correct laws of obtaining knowledge, going from the simple to the complex, from the known to the unknown, etc. Feeling that there is a lack of hand-books in oral geography, she sincerely hopes this little work may be found useful to many primary teachers.
